

## **OOAD Project 2**

### **Questions 2-5**

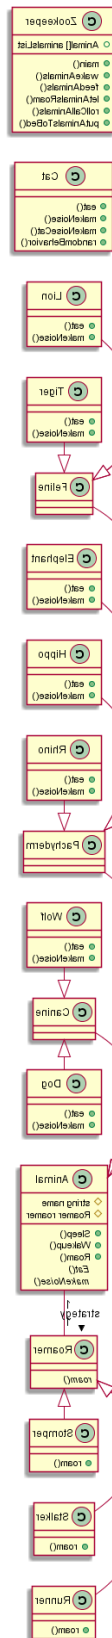

**Team Members:** Abhinivesh Palusa, Jake Luoma, Nikhil Prabhu

Github link for Question 1 as well as UML images: <https://github.com/AbhiniveshP/OOAD-Project-2>

-Note, these images are also present on the github link that Abhinivesh submitted. The images for Question 2 are very long and small (the UML diagram software did not want to spread the images out). So you can go there if the images aren't properly visible in this pdf.
